

STATE FEDERATION OF LABOR IS TOLD OF MINE PROPOSAL

Discloses Proposal Made at Herrin That He Give Certain Testimony in Riot Trials That Would Reflect on Labor Officials—Many Important Resolutions Offered.

(By the Associated Press)
DECATUR, ILL., Sept. 11.—Disclosure of a proposal which Colonel Sam N. Hunter today told the State Federation of Labor was made at Herrin, that he testify to "lies that would have secured indictments of Gompers, Lewis, Walker, Farrington and Olander," on charges of conspiracy in connection with the Herrin riots was the chief development in this afternoon's convention session.

"I told them," Colonel Hunter cried dramatically, "to go to hell."

"My conscience is clear," he continued. "I need make no apology to any man, nor fear that God condemns me. I did what was right in my sight."

Without telling details of this proposal which he said until now "has been a secret," Colonel Hunter said the agents of the chamber of commerce approached him and outlined a plan whereby he was to testify that President Gompers of the American Federation of Labor, international President Lewis, State President Farrington of the United Mine Workers, President Walker and Secretary Olander of the State Federation had entered into a conspiracy to close the Lester Mine at Herrin, by "violence."

This representation and the introduction given him by President Walker secured a unanimous vote of thanks to Colonel Hunter and several speeches endorsing his candidacy for Lieutenant Governor on the Republican ticket.

Hunter Praised
President Walker said the Colonel, "had tried to see both sides get a square deal," and that he never knew any military man of higher standing in the regard of labor.

A second proposal to amalgamate craft unions into big industrial unions, and a second resolution for a political party of our own based upon trades unions, were introduced and referred to the resolution committee. Sentiment for and against these two resolutions which are supported by William Z. Foster reputed communist is crystallizing in the convention and in view of the letter from President Gompers of the American Federation of Labor this morning it is predicted the hottest and longest fights of the entire session will be waged about them.

Mr. Gompers' letter while not directly naming either the labor party or amalgamation was taken by federation officials as a warning against both.

Respect Lacking
There are several delegates in this convention who do not hesitate to take issues with any of their superior officials. One who has already gained notice in that regard by arguing in the convention with President Gompers and telling President John Lewis that his report to the American Federation of Labor convention was not true, broke into fresh notes today.

President Joe Lynam, a miner and head of the Peoria Trades and Labor Assembly is the individual. He will be remembered as the man of whom President Lewis said when he was interrupted, "the gentleman on my left is a liar," which resulted in widespread newspaper discussion as whether a man could be at once a "gentleman and a liar."

Delegate Harry Harrison of Danville, gave Lynam the opportunity today by moving that the convention rules be amended to prohibit smoking, in deference to the thirty women delegates. Thru the cloud of smoke which filled the hall, Delegate Lynam shouted, "Mr. President, I move that motion be tabled."

Fox River Division Of Interurban Sold

(By the Associated Press)
CHICAGO, Sept. 11.—The Fox River division of the Aurora, Elgin & Chicago railroad was sold for \$1,700,000 at a public sale at the court house at Geneva, Illinois today by Jesse Holdon, a special master, appointed by Judge Evan A. Evans of the United States district court. The sale was conducted as the result of a foreclosure suit brought by Joseph P. Harris, vice president of the Union Trust company of Cleveland and the division was bid in on behalf of the first mortgage bondholders by Charles W. Carlson and Jerome H. Benes, both of Cleveland. They were the only bidders.

Included in the sale is the property of the interurban line from Carpentersville down the Fox River valley thru Elgin and Aurora to Yorkville, all the street railway lines of Aurora and Elgin, the electric light and power plant in Elgin and all the stock of the Aurora, Elgin and Fox River Electric company.

The sale will now be submitted to the United States district court for approval. According to Lessing Rosenthal of the firm of Rosenthal, Hamill, and Wormser, attorneys for the complainants, it is the intention of the purchasing interest to reorganize and rehabilitate the property. He said half a million dollars had already been spent in the property by the purchasers and added that they expected to spend a million dollars more.

CONVERSATIONS BEGUN BETWEEN GERMAN-FRENCH

Indications Point to French Withdrawal From the Ruhr.

(By the Associated Press)
PARIS, Sept. 11.—Optimism in financial circles arising from the conversations which the French ambassador has had with the German chancellor, manifested by a sharp rise in franc today, is shared only slightly in official circles where a settlement with Germany is thought to be still some distance off. It was pointed out by one official in more or less constant touch with Premier Poincare that whenever the Germans come to the conclusion that it is necessary to negotiate their tactics are drawn out. French officials if they can before disclosing their own state of mind.

The French therefore accept the indications of the capitulation of Germany on reparations with a cessation of passive resistance in the Ruhr with great reserve.

Foreign Office View.
The foreign office thinks the time is approaching when Ruhr resistance will break down, regardless of what the Berlin government may do, but is not yet convinced that Chancellor Stresemann is ready to enter into negotiations for such a settlement as will satisfy France.

Poincare Unhindered.
In any case it is said that M. Poincare would not be drawn out by any vague offers to negotiate but will wait until resistance ceases, then, if a clear and unmistakable proposal is presented he will consider it in a conciliatory spirit. He instructed the French ambassador at Berlin by wire today to say if the occasion offered, that no negotiations were possible while obstruction is going on in the Ruhr. The ambassador made this clear to the German chancellor yesterday and the French government is awaiting the decision at Berlin on that point.

Berlin Communiqué.
Berlin, Sept. 11.—By way of clarifying the political situation which has become greatly confused thru conflicting reports of local and foreign origin, a semi-official communiqué issued late this afternoon admits that the government is carrying on personal conversations with all the powers and that Chancellor Stresemann and the French ambassador M. de Margerie, have also personally "exchanged thoughts" on the present situation. That such informal and non-committal pourparlers are wholly in the nature of a reconnoitering movement is further asserted in the bulletin although section of the press believed that they have sufficiently crystallized into something tangible to warrant an official of his staff to Paris for the purpose of apprising Premier Poincare with the nature of his oral discussions with the chancellor. This emissary is expected back in Berlin tomorrow.

Formal Notes Not Sent.
It was stated officially that formal notes had not been exchanged between the German and French governments. The official statement adds that the fundamentals of Germany's position on the Ruhr conflict has been clearly set forth in the chancellor's recent speech, and that if it requires further elucidation this will be forthcoming tomorrow when the chancellor addresses the German Reichstag at a public reception. The nature of the reply received from Paris, it is believed will determine the character of the chancellor's utterances.

AIR CHIEF HAS NARROW ESCAPE
(By the Associated Press)
MOUNDSVILLE, W. Va., Sept. 11.—Brigadier General William Mitchell, assistant chief of the United States air service had a narrow escape from death this afternoon when the plane he and Private J. C. Woodruff were flying to McCook Field at Dayton, Ohio, fell into the Ohio river. Neither was injured.

General Mitchell experienced engine trouble when several miles from the Moundsville flying field and attempted to return but was unable to negotiate the distance. When directly above the Ohio river, the plane fell diving into the water. It was wrecked.

POISON SUSPECT TAKEN IN WEST
Los Angeles, Sept. 11.—Harry R. Roshon, of Warren, Ohio, who was arrested here last week under the name of A. E. Woods, suspected of complicity in the poisoning of Anna Daniels at Seattle in 1916, but who later was cleared by authorities of any connection with the case, confessed today according to the police that he had married seven women in various parts of the country, six of them within the past four years.

ONE FOURTH OF TOKIO RESIDENTS KILLED IN DISASTER

(By the Associated Press)
WASHINGTON, Sept. 11.—The bodies of 60,000 dead had been cremated by the authorities in Tokio up to midnight of September 8, the Japanese minister of foreign affairs, said in a telegram received here today at the Japanese embassy. The number of bodies still unrecovered is probably very great it was added. The casualties in Yokohama were estimated at 110,000 or one quarter of the entire population and many more dead were said to be unaccounted for in the outlying districts.

An official investigation it was said, shows that in Yokohama, of 30,000 foreign residents 100 were killed, including 50 British and 20 Americans.

More Help Needed
Washington, Sept. 11.—The five million dollars originally asked of the American people for Japanese earthquake sufferers was exceeded by more than a hundred thousand dollars today as contributions continued to pour in from every section of the country but Red Cross officials sent forth the word that continued support of the public was necessary.

A total of \$5,108,300 had been pledged when the books were closed for the day. The executive committee of the Red Cross announced however, that late advice on the extent of the catastrophe made it clear that the sum originally asked for would be inadequate, and the campaign for funds would be continued.

Quotas Are Exceeded
Three of the country's divisions to which the work of collecting money was allotted exceeded their quotas on the first \$5,000,000. There were the Washington Central and New England divisions. The Washington region reported \$3,014,000 against their quota of \$2,300,000; the central gathered \$801,000 with a quota of \$800,000 and New England showed returns of \$400,000 against \$350,000 asked.

Of the amount subscribed \$3,768,500 has been utilized of which \$2,401,000 was expended for food, clothing, medicines and building materials. The remaining \$1,367,500 represents donations of actual money for use in Japan and the Philippine Islands for the purchase of supplies. Of the latter sum \$1,000,000 was set aside today in response to the appeal of Ambassador Woods at Tokio, to be placed at the disposal of the Japanese emergency bureau.

Nine Red Cross relief ships carrying thousands of tons of clothing, food, building material and other necessities either have sailed or will sail within a few days from Pacific Coast ports.

Coolidge Gratified
President Coolidge expressed today to John Barton Payne, chairman of the Red Cross his deep personal gratification at the response made by the American people to the appeal for relief funds. He asked to be kept informed of all details of the work. Thru the state department, Ambassador Hamihara transmitted expressions of gratitude from Premier Yamamoto, of Japan.

"I am instructed by Count Yamamoto, his majesty's minister of state for foreign affairs," said the envoy's communication to convey to the American Red Cross most sincere thanks of the Japanese government for the initial gift of \$100,000 and for its continued endeavors in raising the relief funds thruout the entire country of the United States for the relief and rehabilitation work of afflicted Japan."

MANY PHOTOGRAPHS OF SOLAR ECLIPSE HAVE BEEN SECURED
Swartmore College Delegation Reports Good Success
(By the Associated Press)
YERBANIS, Durango, Mexico, Sept. 11.—The expedition under Professor John A. Miller, sent to Mexico by Swartmore College to study yesterday's solar eclipse obtained forty photographs of the phenomenon. Professor Miller announced today.

The photographs will be used he said, for the purpose of testing the Einstein theory of relativity and to obtain spectrograms from which something relative to the chemical composition and motion of the sun's corona can be learned.

There was a thin cloud during the first half of the eclipse said Professor Miller but the second half was unobstructed. The major instrument of the installation, a camera sixty-five feet long and using plate glass negatives 20 by 24 inches, functioned perfectly, giving eight pictures, which were supplemented by 18 others secured with smaller cameras for the purpose of studying the corona structure, which was supremely beautiful when the immense streamers flickered out from the sun's equator. Seven photographs were made with a focal length of fifteen feet for the purpose of checking up on the relativity theory. It is feared, however, that the value of these plates was lessened because of the loss of the fast stars due to the thin clouds. The spectrographs program was carried out successfully.

Motion pictures of the entire eclipse were made.

EMMERSON ASKED TO RUN FOR GOVERNOR

(By the Associated Press)
LAWRENCEVILLE, Ill., Sept. 11.—The Lawrence county Republican Central committee at a special meeting here today unanimously adopted a resolution calling upon Secretary of State Louis L. Emmerson to become a candidate for the Republican nomination for governor and pledging him support if he runs. The resolution declares that the rank and file of the party, tired of factionalism is looking to Emmerson as the man to heal the party sores.

WILL REQUISITION PRECIOUS METALS
(By the Associated Press)
BERLIN, Sept. 11.—The currency controller will requisition from tomorrow all precious metals, such as gold, silver and platinum, whether raw or half manufactured, mixed with alloys in coinage. Finished and plated goods are exempt.

Persons possessing precious metals must declare them before September 21.

MINE COSTS TO COAL OPERATOR ARE SUBMITTED

Report on Bituminous Costs Given Pres. Coolidge.

(By the Associated Press)
WASHINGTON, Sept. 11.—The cost of a ton of bituminous coal to a mine operator ranges between \$1.20 and \$2.80, the coal commission reported to President Coolidge today, submitting the latest installment of its report on the industry in compliance with instructions from congress. The cost study was based upon statistics from 266 mines located in four states and covered operations in 1918, which was selected because conditions throughout that year were considered approximately uniform.

Examining in detail the various factors which made for difference in cost of coal delivered at the mine mouth, the committee listed steadiness of operations and certainty of car supply as important.

Full Time Operating
"The advantage and economy of full time operation is clearly indicated," the report said. "As between two similar mines each having a cost of production of \$2.50 per ton if working 25 days per month, the mine which enjoys the best working time under conditions of car shortage and a strong market for coal will make the larger profits because of lower costs; or under conditions of poor market one may undersell the other and realize a profit because with more days worked the cost will be lower."

"Taking again a base cost of \$2.50 per ton for full time (25 days) operation it is found that when working 20 (5 days per week), the difference was negligible 2½¢ a ton, when working 12 (3 days a week), the difference was ten cents per ton and when working eight days, (2 days per week) the difference was 15 cents per ton."

Unit Production Cost.
One day per week brought the difference up to forty cents per ton. There is thus no notable difference in unit cost of production caused by short time operation whether this broken time be due to lack of transportation or lack of market.

"The real difference results in the base cost which can and quite generally is reduced in times of inactive demand. "It may be inquired, in view of this factor of cost of idle time what effect on the country's coal bill the fact may have had that in the past 20 years the soft coal mines have worked an average of but 220 days or about 72 per cent of full time. If the price paid by the consumer were cost of production or a direct function of cost then the answer would be that the total cost to the country was about eight per cent more than it would have been if few mines working full time had produced this coal."

NEGROES REPORTED LEAVING SO. BEND

(By the Associated Press)
SOUTH BEND, Ind., Sept. 11.—B two 1,000 and 1500 negroes are reported to have left the city in the last 24 hours, following the receipt of a threatening letter by a well known member of the negro community here. Although no violence has followed the receipt of the letter many of the negro residents, it is said left for fear that their safety is in danger.

Police hold little credence in the letter which was received by the proprietor of a local soft drink place, and said they were inclined to believe it the work of a crank.

Considerable excitement reigned in the negro section of the city tonight and Chief of Police Lane, ordered the sale of fire arms stopped, after reports were made that many negroes were attempting to purchase weapons.

WEATHER

Illinois—Partly cloudy Wednesday and Thursday; not much change in temperature.

Temperatures
The current, maximum and minimum temperatures as recorded Tuesday were:

CONGRESSMAN IS STRICKEN WHILE GOING TO OFFICE

Martin B. Madden of Illinois, Long Prominent in Public Life, Seriously Ill From Heart Attack—Apparently Previously in Best of Health—Climax Expected Tonight.

(By the Associated Press)
WASHINGTON, Sept. 11.—Representative Martin B. Madden of Illinois, chairman of the house committee on appropriations and one of the Republican leaders in congress, is seriously ill at his home here from a heart attack.

Apparently in robust health, Mr. Madden was stricken without warning yesterday while riding to his office in an automobile. He was hurried to his home, where physicians who were summoned found him in a serious condition. At a consultation this afternoon no change for the worse was noted and the doctors said they expected the climax of his illness to be reached before tomorrow morning. The streets in the neighborhood of Mr. Madden's residence have been closed to traffic and all possible efforts have been made to protect him from noises and other annoyances. Police have been stationed about to ward off visitors.

Mr. Madden, who is 68 years old is one of the oldest members of the house in point of continuous service, having entered congress 18 years ago and served continuously since then. He was re-elected last November and only recently returned from a trip to Europe.

Mr. Madden was born in Darlington, England. He has extensive business interests in Chicago and for years has been prominent in Illinois Republican politics, having served as temporary chairman of the party's state convention, delegate to national conventions and member of the Chicago City Council.

After a consultation of physicians late tonight the announcement was made that altho Mr. Madden's condition remained serious considerable improvement had been noted. The doctors expressed themselves as being more encouraged over the outlook.

NAVAL DIRIGIBLE COMPLETES FLIGHT

(By the Associated Press)
LAKE HURST, N. J., Sept. 11.—The United States Naval Dirigible ZR-1, successfully completed a continuous 12 hour flight today when it descended at the naval air station here at 6:46 P. M., daylight time.

The first American-made rigid airship had left the ground at 6 A. M. in a cruise which took it over New Jersey to New York City up the Hudson River to Yonkers and return down the length of Manhattan across to Newark, Camden, Philadelphia and return home.

"The Leviathan of the air" thus concluded its fourth trial flight and its first of more than three hours continuous flying, sailing at elevations of from 1,000 to 5,000 feet, serenely and without incident. Thousands of spectators watched the mistress of the air from roof tops and streets as she sailed smoothly above them, sometimes with all motors sending her rapidly forward other times with some propellers motionless as she cut her speed.

PASSENGER TRAIN GOES THRU BRIDGE

(By the Associated Press)
MUSKOGEE, Okla., Sept. 11.—A St. Louis-San Francisco passenger train at Fayetteville, Ark. from Okmulgee at 7:10 o'clock tonight, went thru a bridge at McBridge, north of Muskogee late this afternoon, according to reports to the division office here. The bridge and most of the coaches are burning, it was said, but no passengers are believed to have lost their lives.

Hard Roads Day At The Kankakee Fair

(By the Associated Press)
KANKAKEE, Ill., Sept. 11.—Up to August 15 last 2,901 miles of standard hard surface pavement had been constructed in Illinois and 1,088 miles of additional grading had been done, State Senator Richard R. Meents of Ashkum, chairman of the state highway advisory board, announced tonight after a meeting of the board here today. The board members are here attending the Inter-State Fair and participated in hard roads day at the fair.

Since the building campaign started, Senator Meents said, 1,011 bridges have been built. "We have taken careful stock of the road construction program as it stands today," Sen. Meents said, "and are unanimously agreed that there will be more than ample funds collected from motor vehicle fees to retire both the sixty and one hundred million bond issues, principal and interest, and that not a cent of direct or additional tax can within the range of reasonable possibility result."

Between 18,000 and 20,000 persons attended the fair today and Governor Len Small, secretary of the fair said it was the largest Tuesday in the fair's history, adding that yesterday was the biggest Monday and predicting record breaking crowds for the rest of the week. There are 111 harness horses here for the racing and 125 animals in the fancy show class.

MUSSOLINI HAS RETURNED FROM PLEASURE TRIP

Standing Firm in the Greco-Italian Controversy

(By the Associated Press)
ROME, Sept. 11.—Premier Mussolini who arrived today from Milan, where he spent the week end attending the Grand Prix automobile race went immediately to the foreign ministry to receive the latest reports concerning the Greco-Italian and the Jugo-Slav-Italian situations. Later he sent instructions to the Italian minister at Athens and the ambassadors in London and Paris. Additional instructions were issued today by the ministers of war and marine for preparations made necessary by the situation.

The Greco-Italian situation was summed up today by a cartoon in the Giornale d'Italia. The artist pictures Premier Mussolini astride the Adriatic sea like a prize fighter with one foot in Rome and the other entirely covering Corfu. Mussolini is quoted as saying:

"If anyone wants to know when I will lift my foot from Corfu, it will be when I've seen the Epitro assassins punished."

Serb-Italy Crisis

Athens, Sept. 11. (By the A. P.)—The crisis between Italy and Serbia over the Fiuma question is causing grave anxiety here where it is looked upon as a possible menace to immediate adjustment of the Greco-Italian situation. It is feared that in the event of hostilities Italy will find some pretext to continue the occupation of the Island of Corfu, the evacuation of which seems to be the uppermost factor in Greek circles.

Advices from Belgrade say the populace of the Jugo-Slavian capital is in a state of high excitement and that the government will follow step by step every move taken by Italy. The Albanians have closed their Greek frontier, according to public reports, and are arming all men of military age in the eastern part of the country.

THE HELPFUL

BOLL WEEVIL.

A bronze fountain honoring the boll weevil as a "herald of prosperity" seems a queer sort of monument to find in a cotton-growing state. Yet the city of Enterprise, Ala., has recently erected such a fountain, and its community tribute to the destructive beetle is wholly sincere.

Enterprise citizens are grateful to the boll weevil for forcing them to turn to crop diversification. Cotton must be grown, and it will continue to be grown. So, too, will the steady research work to find a means of getting rid of the boll weevil continue. At the same time, however, many sections of the South are finding greater prosperity and a solution to many hard problems in the wider range of their crops.

OUTGROWN FIGHTERS.

It was only 16 years ago that Admiral Evans, "Fighting Bob," took a fleet of America's great warships around the world on a glorious cruise. Those warships marked the highest development of naval invention at that time. Proud citizens had no thought of more powerful fighting ships still to come.

The other day two of these ships were sunk by bombs dropped from an airplane sailing a mile above them. Others of the fleet have been sold as junk or used for target practice for crews of up-to-date battleships.

If an awe-inspiring navy of

less than 20 years ago is already a collection of curios and antiques, what will today's navy be in another twenty years? No doubt it will be just as useless and out of date.

Millions of dollars are spent annually to turn out these marvels of human invention, and year by year new ones crowd the old ones into the discard. Contemplation of this cycle shows the wisdom of the nations that agreed to limit their expenditures for naval construction. It also awakens questioning as to the policy of spending other millions on great air fleets or other military construction. Present utility should be the aim in this sort of expenditure, rather than meeting the maximum needs of an imaginary war.

THINGS EASING UP.

The Greek-Italian crisis which for a few days threatened to throw Europe into turmoil has eased up with a prospect of peaceful settlement.

The situation is easier, too, in the Ruhr. Germans have been returning to work. The new German government seems more tractable, and the French government more tolerant. An understanding between France and Germany looks more probable than it has for months.

Likewise France and Great Britain have been rasping each other's feelings less and there are signs that they may get together in friendly agreement on European policy. That would do more than anything else for world peace at this time.

In America, the big coal strike has been practically settled. Industrial warfare, like military warfare, loses its appeal. Peace is in the air.

Why this widespread change in men's feelings, reflected suddenly in the solution of big problems which lately seemed insoluble?

It might be explained as a wave of common sense. It is more likely explicable as the result of a wave of human sympathy over the misfortunes of Japan.

"One touch of nature makes the whole world kin." It is natural to sympathize with real sorrow. The pity instantly felt for Japan, the world over, has softened men's hearts so that for a little while they approach political and industrial questions with more charity toward each other. And charitable thought is all the world needs. Given that, charitable acts and fair dealings will follow.

FARM BUREAU MEETING
HELD AT WINCHESTER

Farm Bureau Organization Meeting Held Tuesday Morning in Court Room—News Items from Winchester

Winchester, Sept. 11.—A farm bureau re-organization meeting was held Tuesday, the first session being held at 10 o'clock in the court room. At this time addresses were made by Mr. Sallor, head of the I. A. A. and by V. Vaniman, head of the agricultural extension department of the University of Illinois.

At noon adjournment was taken to the dining room of the Methodist church, where a splendid dinner was served by the ladies of the church. One hundred and fifty were present at the dinner, after the serving of which came an enthusiastic meeting. H. C. McCarroll, farm bureau organizer, was chairman of the meeting. Mr. Metzger, organization manager, was among those who spoke briefly.

A special meeting of the Winchester Ad club was held Tuesday evening, the city council meeting with members of the Ad club. Several talks were made.

Judge McKeene being one of the speakers and discussing sewerage. The various speakers dwelt upon the work the club has done and what it is hoped to accomplish in the future. A banquet was served at the conclusion of the program.

The following officers were re-elected to serve for the coming year:

President—W. S. Roosa.

Vice president—James Overton.

Secretary—Dr. J. W. Dace.

Treasurer—E. A. Hainsworth.

News Notes

Mrs. Harold Hatfield has returned to her home in Decatur after a visit with her parents. Mr. and Mrs. Harvey Green.

Mothers of the band boys gave a banquet in their honor Monday evening at the home of Mr. and Mrs. Lou Bailey on South Main street. Tables were spread in the large dining room and a fine menu was enjoyed. Later came a delightful musical program and altogether it was a very enjoyable affair.

John Coe of the Coe & Kreuger automobile shop met with a peculiar accident Tuesday, which fortunately had no serious results. He was engaged in soldering a gas line tank when the tank and the blow torch both exploded. The explosion was heard all about the square and a number of window panes were shaken loose but no serious damage was done.

CHAPIN WOMAN'S CLUB
OPENS YEAR'S WORK

First Meeting After Summer Vacation Held Tuesday at Onken Home—Other Chapin News

Chapin, Sept. 11.—The Chapin Woman's club held the first meeting since the summer vacation Tuesday at the home of Miss Amy Onken. The assistant hostesses were Mrs. P. H. Ham and Mrs. E. E. Sidles. It was the annual guest day and each member was privileged to bring one guest. There were forty-two in the company and eight tables were made up for rook. The high score was made by Mrs. Fred Craven of Versailles and the low score by Mrs. Phoebe Scott.

Mrs. B. A. Cratz of Concord added greatly to the interest of the occasion by giving two readings, "The State of Matrimony" and "The Secret."

In the late afternoon dainty refreshments were served by the hostesses and altogether it was a very pleasant occasion. Out of town guests were Mrs. Fred Craven of Versailles and Mrs. B. A. Cratz of Concord.

News Notes
Miss Angie Joy left Tuesday morning for Fulton, Mo., where she will enter the expression department of William Wood College.

Mrs. Fred Craven of Versailles is visiting Mrs. Grover Smith.

Dr. and Mrs. F. M. Roberts of

Old Jacksonville

Timothy Chamberlain, Old Settler
(BY ENSLEY MOORE)
Member Illinois Historical Society

July 12, 1896. At the request of Rev. Charles B. Barton, who is at present visiting in Denver, I have selected the following notes from an autobiography, written by my father, while visiting me in Denver in 1894. Mr. Barton thought they would be interesting to father's old friends and acquaintances, who have known him as the secretary of the Old Settlers' Association for so many years, and some of them have known him longer than the duration of two generations.

Personally knowing better than any friends or acquaintances, my father's intense interest in and devotion to the Old Settlers' Association of Morgan and Cass counties, I feel that you will be interested in, and appreciate the following notes, taken from the History written by myself, and that it will come as a remembrance of one whom God has removed from your midst.

Mrs. W. L. Maxwell,
Denver, Colorado.
1525 Lafayette Street.

In the town of Salem, Mass., on the eleventh day of December, 1812, a son was born to Timothy and Martha Chamberlain and named Timothy after his father. Contracting a severe cold when only one week old he was a delicate child and suffered from severe and protracted colds every winter until he was a man grown.

As was the custom at this time he was early sent to school, and at the age of 7 years was prepared to enter the academy of Samuel Harriden Archer, where he continued until he was 14 years old. At this time his father having removed to the city of New York, he quit school and went to that city, and commenced learning the Masons trade in all its branches with his father and David Robbins, who were at that time in partnership together in the building line. The first building erected by them in that city, was a block of seven, 3 story brick stores with granite pillars with cavellings above called Cornhill Row near the beginning of 14th Avenue. While living in New York besides working at brick-laying and plastering, he partially learned the dry goods business and the manufacture of jewelry and the refining of gold and silver. In year 1830 his father having gone to North Carolina, to erect some machinery at the gold mine, I sailed from New York to Fredericksburg, Va., with a lot of machinery to mine for gold in Spottsylvania County. Father shortly before having removed from North Carolina to Virginia, at this time my father gave me my freedom and an interest in the mining company in which he was a partner. In order to keep me with the company, I having received several liberal offers from other companies who knew my reputation as a successful prospector and refiner, we continued mining until 1832. At the close of that year we sold out to a New York company, I receiving \$1,000 as my share.

My elder brother, Benjamin, having married in New York and desiring to emigrate to Illinois, I divided my small capital with him, and we started west, arriving at Cairo, May 5th, 1832. Proceeding to St. Louis we spent a few days in that city and Alton, then ascended the Illinois river on the steamer Arab, to Naples, then rode to Jacksonville where I arrived May 14th, 1832. Being in poor health from exposure in the mines, no labor was performed that summer, but the time was spent riding about the country.

Oak Lawn sanatorium were Chapin visitors Monday.

Miss Elizabeth Stockdale arrived in Jacksonville yesterday from a visit in Yellowstone Park and spent the day here, returning to her home in Waverly Tuesday night.

looking for a suitable place to locate. In the fall the eldest brother returned to Mass., where his wife and father had returned. In December the brother returned to Illinois accompanied by father who was so well pleased with the country that he immediately purchased 240 acres of land, 3 miles southeast of Jacksonville, and with the second son (Timothy) commenced erecting a dwelling, and sent the elder son back to Mass., to bring out the family. (This dwelling was on the ground now owned by Wm. Stull and the 240 acres lay just east of Morgan Lake. The second week in May, 1823, the house being completed and the family arriving they commenced house-keeping all living in the same house. After working six years breaking the ground and fencing it in, spent the summer of 1838 in Monticello, Illinois, building the female seminary, became acquainted with Miss Amanda Turner Buckley, daughter of James and Letitia Buckley, and in February, 1839, was married in the seminary, by Rev. Theron Baldwin, principal of the seminary. We lived on the farm with father and mother for three years and then went to New Hartford in Macoupin county, to prepare a home and continue farming.

While living in Macoupin county I was attacked by a mob because as they said I told a negro slave who was hired out to work there contrary to the laws of Illinois, that he was free. I had not interfered with the negro but when they confronted me with knives and pistols, about 30 men and boys, and had the negro say I tried to persuade him to leave his master, I told them it was a lie and they knew it, but I would tell them and the negro now that he was free by the laws of Illinois and could recover his freedom here or in Kentucky by applying to the courts, and they might make the best of it. I also told them then that being surrounded by a mob, I did not expect to live many minutes, but I intended to take some of them as witnesses to the other world with me to explain why I came there so suddenly. After I had talked with them a while many who had come to mob me as an Abolitionist perceived that they had been misinformed and withdrew, and two nights after when they heard that the mob was going to attack me again secreted themselves in a covered wagon that was near to come to my assistance. I took a friend with me next day and went to the house of the principal actor and told them that when they came the night before to lynch an Abolitionist, there was none there, but they could see one now, if they felt like whipping him, he was ready for them to begin. None of them were willing to try the issue without a large number, so afterwards left me alone, and from this date 1843, began my Abolition principles. Not liking to raise a family in the society of the then residents of that neighborhood, I returned to Morgan county.

Having met some heavy reverses by signing my name as security for others, I had to give up my farm and farming and seek other employment. I had 2 horses, some cows and a buggy left. I altered the buggy into a hack, moved into Jacksonville and rented a small house on South street (now College Avenue) between Sandy and West Streets, on ground now occupied by Dr. Pitner's residence.

By Dr. Pitner's residence.

(To Be Continued.)

COLLECTING FUNDS
Representatives of the Seventh Day Adventists organization are in the city soliciting funds for the annual harvest ingathering in behalf of foreign missions. The goal for the denomination for this special work has been set at \$750,000.

Amos Hayes and C. O. Smith were local callers from Woodson Tuesday.

PAVEMENT PROMENADE
DRAWS LARGE CROWD

Fiddles and Banjo Cause Many to Trip the Light Fantastic on North East Street—New Asphalt Plus Corn Meal Makes Good Dancing Platform

A large crowd assembled on North East street last evening to celebrate the completing of the new pavement with an old-time dance. Two fiddlers and a banjo picker furnished the music, and about 50 couples took part in the square dances during the evening. The dance gained in interest when John Benson took the platform with the musicians and began calling the dances.

The pavement just north of Dunlap street had been nicely swept and sprinkled with corn meal. It made a fairly good dancing floor and was well used during the evening. Most of the crowd left early, and those in cars dismounted to try out the new pavement, which proved to be in excellent shape.

Music was furnished for the dance by the Barber boys, W. W. Reynolds and Charles Blasse made arrangements for the affair which was favored and anticipated by the entire neighborhood.

ANNUAL
CHICKEN DINNER

Lynnville Christian church today, outdoor cafeteria service beginning at 4:30 p. m. Music Merritt Band.

Portable showers are quickly put up in any bathroom, old or new, and can go with you when you move. No alterations are necessary; a screw driver puts it up. Will give years of service.

WOMAN'S COLLEGE MUSICAL CULTURE TEACHER ARRIVES

Miss Margaret Grimsley, Who Will
Have Charge of Kindergarten
Work of College Arrives in
City to Assume Duties.

MISS MARGARET GRIMSLEY

Miss Margaret Grimsley who will
have charge of the Child Culture Mu-
sical Kindergarten work at the West
Side Studio of the College of Music,
will be in the city Thursday. Per-
sons interested in having their chil-
dren take up this unique and un-
usual work will call Director Pearson
at 889X or the Woman's College 415.
So that Miss Grimsley may call in
person and explain the new training
course for young children.

The announcements already made
about the work have created a great
deal of interest and a large number
of inquiries have been received. The
plan appeals to many people as it is
a means of not only acquiring the

regular kindergarten work but in-
structs in handwork, dramatized
story telling, nature study and su-
pervised play. It is really an all
round course for the child of kinder-
garten age. It is not a monotonous
system of work on the key board

which tries the child's mind without
getting the desired results. But thru
this system, which is as interesting
to the child as play, there comes de-
velopment of ear, eye and rhythmic
sense as well as concentration and
self control. In many cases children

who have been trained in this way
have come to possess absolute pitch,
and in all instances the children have
gained an appreciation of the beau-
tiful in music which will remain with
them through life, whether or not
their musical training is carried on
to completion. This work makes an
ideal combination and one that
should appeal to every parent.

In a year you will scarcely
know he is the same boy,
they grow up that fast.
But photographs of child-
ren never grow up.

Mollenbrok & McCullough

Good Advice

From Children to
Father and Mother

DADDY—We kids want a
quart of Ice Cream for din-
ner. Go to Proffit's Drug
Store, 218 So. Main St. and
buy your—

Razor Blades, Cigars,
Combs and Brushes,
Pocket Books, or any-
thing else and he will
give it to you free if you
buy \$1.00 worth or more.

MOTHER—You go tomor-
row and buy—

Anything you want from
Proffit's Drug Store. It
will be new and the price
is always right and he
will give you a quart of
Ice Cream, too. You
know, mother, Mr. Prof-
fit knows it is good for
us; that is why he is giv-
ing 500 gallons free.

PARENTS—Take good ad-
vice.

ILLINOIS FARMERS WON'T BE DISCOURAGED

Coming Thru Present Price De-
pression With Fine Spirit —
Statement Made by University
Head.

URBANA, Ill.—By the A. P.
—Illinois farmers are refusing
"to be stampeded and are coming
thru the present price depression
with fine courage," in the opin-
ion of E. E. Elliott of the Uni-
versity of Illinois, after inter-
viewing over 400 farmers of this
state during the last two months.
Mr. Elliott is extension specialist
of the department of farm or-
ganization and management of the
university.

The sound, substantial, prop-
erty owning farmers are sitting
tight," he declared.

"In contrast to this," continu-
ed Mr. Elliott, "we are led to be-
lieve through reports, that the
agricultural atmosphere is in
many localities apparently charg-
ed with pessimism."

"From the spring wheat sec-
tion of the northwest come re-
ports of crop damage from rust
and other causes. Warnings
without number have been given
the wheat farmers by Mother Na-
ture. Those who have heeded the
warnings have gradually chang-
ed her system of farming and
are now securing a large share of
their income from meat, milk,
and poultry."

"In the south the exclusive cot-
ton farmer has been driven to a
system of diversified farming.
The position of the corn belt
farmer is in many ways similar
to his neighbors."

"Two significant things stand
out. First, the major clamor is
apparently coming from a small
minority of one crop farmers."

"Second, with a full apprecia-
tion of the setback that has been
given many farmers there is still
a rain-bow in the agricultural
sky. Our hope lies in the fact
that in every county or commu-
nity there are a few farmers who
have consistently made a fair pro-
fit every year. These men have
in general been improving their
methods of production in order
to meet the new economic con-
ditions."

FORCED TO STOP ALL RESCUE WORK

Santa Barbara, Cal., Sept. 11.
—All attempts to recover bodies
of a score of seamen drowned in
the wreck of seven destroyers at
Port Honda last Saturday night
virtually were at a standstill to-
day. The list of bodies recover-
ed stands unchanged since yester-
day, three having been brought
to the morgue here. One is un-
identified.

GERMAN REPARATION IS EXPECTED TODAY

LONDON, Sept. 11.—The Daily Mail's Berlin correspondent says it is understood Chancellor Stresemann will offer France 30 per cent of the shares of the total existing German industrial issues for reparations. According to the correspondent the chancellor will detail his plans at a "beer party" tomorrow evening. The same correspondent says the city of Leipzig declared itself bankrupt today. The municipal coffers are empty and the city is unable to pay its employees. A delegation has been sent to Berlin to ask the central government to advance the city funds.

PRINCE OF WALES REACHES CANADA

(By the Associated Press)
MONTREAL, Sept. 11.—Traveling incognito to dodge the mad-dening crowds, the Prince of Wales will arrive tomorrow morning in Quebec on the Steamship Empress of France to romp away a few weeks on an Alberta ranch. There will be nothing official about the welcome. On the books of the steamship list, the Prince of Wales is not the Prince of Wales at all. He is just the Baron of Renfrew.

George A. Harry of 123 West College avenue is ill at Passavant Hospital with inflammatory rheumatism.

ADMITS CONNECTION WITH PREVIOUS RIOT

(By the Associated Press)
MACON, Ga., Sept. 11.—Admission of his connection with the Ku Klux Klan was made late today by J. P. Durkee, organizer for the order in Macon, on the stand here while testifying in the trial of Dr. C. A. Yarbrough charged with rioting in connection with the flogging of B. F. Mills in January last year. Durkee was arrested yesterday on a rioting charge in connection with the case.

MUCH WANTED WOMAN DISAPPEARS SUDDENLY

(By the Associated Press)
FORT WORTH, Texas, Sept. 11.—When county officers went to the hotel this morning to arrest Mrs. Agnes Darrah, the woman who holds the secret as to the whereabouts of the baby of Mrs. Thelma Adams, on charges of contempt of court, they found that the woman had been carried out of the building on a stretcher sometime between 3 o'clock this morning and daylight and an all day search has failed to locate her.

State Federation Of Labor is Told Of Mine Proposal

(Continued from page 1)
There was only a few votes against Lynam's motion and the smoking was continued notwithstanding the women.

Prison Labor
Several more resolutions were introduced. Among them were the following:

Proposing to demand that the state "immediately discontinue" the alleged operation of a shirt factory at the Pontiac Reformatory.

Asking release of political prisoners.

Proposing a law to prohibit publication of newspapers on Labor Day, so all newspaper employees may celebrate it as a holiday in common with all other workers.

Proposing one day rest in seven for newspaper workers.

Proposing an adequate wage for postal employees, half holiday on Saturday, and a law to eliminate collection of mail on Sundays.

Proposing pensions for workers who have toiled in the mines or other vocations.

C. of C. Denial Issued

Rockford, Ill., Sept. 11.—So far as the Illinois Chamber of Commerce is concerned there is no truth in the statement of Colonel Sam Hunter, before the state labor convention at Decatur that the "chamber of commerce" attempted to have him testify falsely in the Herrin investigation.

John H. Camlin, president of the state chamber stated tonight after hearing the Associated Press reports of the Decatur meeting.

So far as the Illinois Chamber of Commerce is concerned there is not a particle of truth in the statement," Mr. Camlin said emphatically. He made no further comment.

GREEKS ARRESTING MURDER SUSPECTS

London, Sept. 11.—The Greek government has arrested eight persons suspected of the murder of the members of the Italian boundary commission in Janina, according to a Rome despatch to the Central News. The arrest of Colonel Botzara, Greek member of the Greco-Italian boundary commission is said to be imminent.

C. P. Hedrick of Merced was a business caller in the City on Tuesday.

The Home's Most Useful Article

Without doubt the most useful article in any home is a good hot water bottle. It takes the place of plasters, liniments, ointments and internal medicines to relieve local aches, pains and congestions. Valuable from a service standpoint because they last so long if you buy the quality we sell. Valuable from an economical standpoint because of high quality and wonderful service.

Well that on the golf links in Brit-tany, and it's an even bet that a girl will come shuffling out of the caddy house. Here's a typical caddy on the course of the St. Briac club.

SHORT COURSES FOR YOUNG FARMERS, PLAN

Can Be in Vocational Schools of
Agriculture in the State—Re-
commended by Superintendent
Blair

SPRINGFIELD, Ill. (By the A. P.)—Provision for short courses for young farmers, who are definitely thorough with regular schooling, can be made in the 150 schools of vocational agriculture in Illinois, according to a recommendation to agricultural teachers made recently by Francis G. Blair, State Superintendent of Public Instruction.

Three thousand farmers can be given short courses in the agriculture schools, the state superintendent declared. He made the recommendation in connection with his recent analysis of the last census figures, which showed more persons between 14 and 18 out of school than in. His statement was as follows:

"The high schools have grown rapidly in scope of activities, range of curricula and in size. There are many districts where but a few boys and girls of high school age are enrolled in the school. But an examination of the census data reveals the fact that there are more persons 14-18 years of age out of school than in school. It was for this group of workers that the vocational education act was intended. While part time schools have been established in most of the large cities for the workers, few rural districts have made any real effort to give to the farm boys and girls who have left school, the kind of training which will enable them to do their work on the farm better.

"It is possible to offer short courses in agriculture in high schools employing agriculture teachers with very little additional cost for equipment or instruction. If every school of the 150 which now offer short courses would organize short unit courses in farm mechanics, dairying, crop production or other phases of farming, about 3,000 young farmers could be taught the specific information more useful in their daily work. These young workers will come to the school with definite problems to be solved. The short course should be planned early in the school year. There is much preliminary work which the teachers of agriculture may do with profit. One-half the cost of instruction in such classes will be paid from funds available for vocational education. Schools not having agriculture departments should apply to the State Board for information relating to approval and reimbursement."

Walter G. Campbell has been selected to be director of regulatory work, Department of Agriculture. He is a native of Kentucky and has served as acting chief Bureau of Chemistry.

ELECTRICAL SUPPLY HOUSE ON WHEELS

Central Illinois Public Service
Company Has One Equipped
Now—Also Has Small Repair
Station

SPRINGFIELD, Ill. (By the A. P.)—A traveling electrical supply store is the latest method of merchandising used here by the Central Illinois Public Service company. A truck, equipped with a panel body, has been placed in service for the display, sale, and delivery of electrical appliances.

The purpose of the "traveling store" is to give greater service to customers living in the rural districts. The prices of the new "store" are the same as those of any retail establishment. Only electrical appliances, small in price, are carried on the display truck, thus securing quick sales and large volume.

The truck is in charge of a captain under whom canvassing salesmen operate.

When entering a village or town the truck is parked on a street corner. With the captain remaining in charge of the "store," the salesmen start about canvassing every home in the city. Each salesman carries samples of his goods. When a housewife orders an article the salesman returns to the "store," tells the captain his wants, and delivers the article. Thus a sale is made from the moving store.

In addition to sales, the truck is also equipped with a small repair station for electrical utensils. When an iron fails to work it is brought to the truck. A burnt out cord, wire, or coil, is readily repaired.

PARTY CONVENTION DATES ARE NAMED

(By the Associated Press)
CHICAGO, Sept. 11.—With both Democratic and Republican county conventions set for the same place on the same date, October 2, prospects were bright here today that the two parties will reach an agreement on a coalition ticket for the 23 candidates for the judicial election in November. It is said that the coalition movement was started by the party bosses' want to avoid the expense of conducting a campaign so soon after the

heavy drain of last spring's majority election.

Social Events

Baptist Teachers

In Regular Meeting

The first regular meeting of the officers and teachers of First Baptist Sunday school for the

season was held last night in the church parlors. Miss Anna Kirk as chairman of the supper committee, was assisted by Mrs. Craig, Mrs. T. J. Wilson and Mrs. Vasey.

It was decided to hold the rally and promotion day of the school on Sunday, Sept. 30, and

Mrs. E. O. Mayer, Miss Mabel Withee and Gail Jackson were appointed as a rally day committee to arrange the program. The juniors of the school are to give a special memory exercise as a feature of the program.

Prof. George Poage was again appointed to organize and teach the student class in the Sunday school, which will soon assemble for the year's work. The matter of organizing a young married people's class was discussed and Miss Edith Dawdy, Mrs. Gertrude Richardson and Rev. A. P. Howells were appointed a committee to investigate the matter and see what can be done toward an organization.

Entertained for

Miss Vasconcellos

Miss Eva Vasconcellos of Chicago who is in the city for a visit with her parents, Mr. and Mrs. J. E. Vasconcellos, was the guest of honor at a party given Tuesday evening at the home of Miss

Fall Style Show, Grand Opera House, last time to night—the season's society event. See ad on page 7.

Marion Updegraff on Sandusky street. The evening was spent with various games and with dancing and the hostess served refreshments. The occasion was a very pleasant one.

Among those present were Misses Frances Lawson, Agnes McCarthy, Catherine Engel, Ouida Richardson, Rose Walbaum, Kamille Wright, Fannie Hicks, Irene Zimmer, and Mrs. Grace Powell.

Past Noble Grand

Club Meets

The Past Noble Grand club of Caritas Lodge No. 625 met Tuesday evening at the home of Mrs. Walter C. Rabjohns, 133 Prospect street, with Mesdames Charles Williamson and J. J. Reeve as assistant hostesses.

In addition to the regular business meeting a contest was held in which Mrs. Lydia Crabtree was the winner. This was followed by a social hour at which time refreshments were served.

Children's Party

on Mound Avenue

A number of little boys and girls were entertained Tuesday afternoon at the home of Mr. and Mrs. J. A. Elliott, 1609 Mound avenue, in honor of the eleventh birthday of Jimmie Johnson.

The afternoon was spent in games of different kinds and refreshments were served to the young guests and it was a very happy occasion.

Club Meets Thursday

The Mound Woman's club will meet at the home of Mrs. Henry Wax Thursday afternoon of this week at 2:30 o'clock. On account of this being the last meeting of the year it is urgent that all members be present as there will be a great amount of business for discussion, including plans for the coming year which begins in October. A paper, "An Afternoon with Van Dyke" will be presented by Mrs. H. E. Ktner.

Woodson Club Has

Good First Meeting

The first meeting of the season for the Woodson Household Science club was held yesterday afternoon at the home of Mrs. Stella Rawlings. The roll call was answered with suggestions as to how the members could best serve in improving the club. Mrs. Ethel Henderson gave a paper dealing with ways and means of increasing the members' capacity of service.

Music, refreshments and a social hour followed the program and an important business session. Most of the members of the club were present.

BIRTHS

Born Monday to Mr. and Mrs. Everett Armstrong, east of the city, a nine pound son.

SUIT FOR DIVORCE

A suit for divorce was filed yesterday in the office of Circuit Clerk Wanamaker by Mrs. Hattie Simpson, directed against her husband, Horace Simpson. They were married in April, 1917, and lived together until a recent date. Mrs. Simpson charges her husband with excessive use of liquor and with non-support. The complainant is represented by Carl E. Robinson and asks the restoration of her maiden name, Hattie Ruble.

Pierce Jones of Waverly transacted business in this city Tuesday.

Mrs. Douglas Whitlock was among the Murrayville shoppers in the city Tuesday.

DEATHS

Lytle

Word was received in the city yesterday of the death of Mrs. A. A. Lytle at the home of her parents in Kansas City, Mo. Mrs. Lytle had been in ill health for several months. Her husband received word Monday that his wife's condition was serious and he left for Kansas City Monday night. Mrs. Lytle died before her husband reached Kansas City.

Mrs. Lytle had made her home in Jacksonville for the past four years, the family residing at 981 North Church street. Her husband is reporter chief for the Western Union Telegraph company here. Mrs. Lytle is survived by her husband and three children.

Funeral services will be held in Kansas City and burial will be made there.

MATRIMONY

Meyer-Piper

Clarence E. Meyer of this city and Miss Sylvia Piper of Scott county were united in marriage Sunday afternoon by Rev. T. H. Tull, pastor of Grace M. E. church, at his home on West College avenue. The bride is a daughter of Mr. and Mrs. Allen Piper, whose home is northwest of Winchester. She has the good opinion of people in her home neighborhood as well as in this city.

Mr. Meyer is employed by Houston & McNamara of North Sandy street and is well and favorably known here. The young people will live at 322 1-2 West State street.

Eat VELVET Ice Cream—sodas or sundaes, at our fountain. BAKER Drug Store, Clover Leaf Building.

CONTRACT AWARDED

FOR PAVING JOB

The Standard Paving Co. has been awarded the contract for the paving of East State street District No. 4. This is the pavement from Johnson street to the city limits. The bids submitted for the paving were:

Standard Paving Co., \$12,767.39.

Otis Hoffman Co., \$12,891.41.

Simoneo Fernandes & Sons, \$13,044.88.

This pavement is to be of the same construction as state hard road but is to be with a curb.

TO ATTEND CONFERENCE

ON TRAFFIC LAWS

Mayors and city attorneys, together with officers of chambers of commerce and business men's organizations, are to hold a conference in Peoria today. It will be somewhat along the lines of one held recently in Bloomington, the purpose being to bring about standard traffic regulations in Illinois cities. Mayor E. E. Crabtree and Harold Welch, secretary of the chamber of commerce, purpose to attend.

The Lowest **INSTALLED** Price ever announced for a Farm Electric Light and Power Plant

The DELCO-LIGHT Man is ready NOW to install your DELCO-LIGHT Plant COMPLETE—only **\$539.50**

for the most popular farm size plant

UNEQUALLED installation facilities, including a nation-wide organization of over 4,000 installation men, make it possible for Delco-Light with their quantity production to set the lowest price ever announced for an electric light plant completely installed.

And—it is highly important, in purchasing any lighting plant that you know the installed price.

The installed price for the most popular size Delco-Light plant includes not only the plant itself—it includes the freight; it includes the actual installation.

tion of that plant; it includes the standard Delco-Light Battery composed of sixteen large capacity cells, built for long life, with extra thick plates and heavy glass jars; the wiring of your house for ten lights to be located anywhere you wish; one power outlet wherever you may want it; a standard set of ten drop lights with sockets and the installation of these lights; and ten standard electric light bulbs—the complete installation ready for you to turn on the lights.

This is the way to buy your electric light and power plant.

Terms So Easy You Cannot Afford To Be Without One

To make it easy for you to get your Delco-Light Plant we have set a very low first payment and made the terms very easy. The local Delco-Light man will explain these terms to you. A liberal discount allowed for cash.

School Watches

Buy him or her one here now

But, you may say "Why a School Watch—what difference is there between a school watch and any other watch; and, any way, our school folks are all supplied."

Very true; but listen! The pocket watch your boy has or the wrist watch your girl has probably is an expensive one which, in the more or less lively play and scrimmages which take place at school among all

red-blooded youngsters, may be irreparably ruined.

Now, each one needs an accurate time-keeper while attending school, so we have secured a number of excellent watches that will do just this and which we can sell for little money.

Buy a "School Watch" and avoid the danger of wrecking a finer one.

HOWITZER MEN LIKE CAMP LIFE

Member of Local Company Writes
About Daily Drills—Company
Is Complimented

Members of the Jacksonville howitzer company traveled from the home city on a train several hours late and did not reach Camp Grant until 10:30 Saturday night. Writing from the camp one of the members of the company said:

"The first call did not sound at the regular time, 5:50 Sunday morning, as the officers in charge gave us an extra hour of sleep. Consequently the boys of the howitzer company are sure that these officers 'have a heart.' All drills are in the morning and the only work that is done in the afternoon is target practice. However, we enjoy that so much that we do not count it as really work."

"Non-commissioned officers sometimes go into the school in the afternoons for special inspection. One afternoon we were given a demonstration in the use of gas masks and smoke candles. The smoke from the candles is so dense that an object could not

been seen two feet away. On our practice day with the trench mortars some excellent target work was done. There were several officers visiting on the range and they complimented our company on the number of direct hits scored.

"Breaking a bad mule is Corporal Templin's hobby nowadays, although no one has seen him riding one as yet. Monday when the corporal came in from the stables and wanted drivers for six trucks, everybody wanted to drive Fords. The corporal took his detachment to the stables and there they found their real task was to help rope a mule. These mules are of the real army variety and are full of stubbornness."

"Members of the company are feeling further 'set up' today, as a regular army officer said to Capt. James the other day that the members of the Jacksonville howitzer company are among the most courteous in the 130th regiment."

Fall Style Show, Grand Opera House, last time tonight—the season's society event. See ad on page 7.

TOURIST COMMITTEE SERVES EFFICIENTLY

Hundreds of Tourists Have Enjoyed Privileges of Local Camp During Summer—Write and Express Appreciation to Reception Committee.

The Chamber of Commerce has received a postcard from Mr. and Mrs. N. C. Jackson and Mr. and Mrs. R. S. Jackson of Danville, thanking the tourist reception committee for the privileges enjoyed during their stay here as tourists. The party were on their way to California, and the message came from New Mexico. While here they attended the chautauqua free, as did many other tourists, and enjoyed the advantage of the tourists camp.

It is estimated that five to eight cars a day have been parked at the camp grounds by tourists during the entire summer. The tourist reception committee has done excellent service in entertaining the visitors, and its members have exerted themselves to be accommodating. They have often visited the camp in the evening and made friends with the campers. They have aided travellers with their routings and given much helpful information as to roads, directions, etc. Many times when motorists have had difficulty in finding their way out of the city on their particular route, a member of the committee has accompanied them to the city limits and given them the right start on their journey. This committee consists of M. A. Hulet, chairman, G. B. Andre, T. M. Tomlinson, H. E. Wheeler, George T. Douglas, Thomas N. Coyle and Lloyd S. Reid.

The Chamber of Commerce has averaged twenty inquiries daily during the summer for information as to roads and their condition. Much time has been spent by the secretary and his assistants in directing tourists. An abundance of maps and guide books is kept on file and freely given to travellers. The tourist committee has erected numerous sign boards, detour signs, etc., to add to the ease and convenience of travelling in the city and for a radius of many miles in all directions.

The park board have received many compliments from tourists on the clean and healthful camp they are maintaining at Nichols park. The travellers find in many cities camps where unsanitary conditions and unsightly objects prevail, and they derive much satisfaction from the wholesome condition which dominates the Jacksonville camp.

FUNERAL WILL BE HELD THURSDAY

Services for Robert K. Ranson to Take Place at Late Residence—Deceased Resided in County for Eighty Years

Robert K. Ranson, for more than 80 years a resident of Morgan county, died at 2:15 o'clock Tuesday morning at Passavant hospital. He had resided for many years six miles southwest of this city. Deceased was born in this county Sept. 2, 1843. In 1876 he was married to Miss Bell Groves and to this union the following children survived: Mrs. Mabel Watson of Franklin; Raymond D. Ranson, Miss Gertrude M. Ranson and Clarence W. Ranson, all of this vicinity.

The deceased was the son of James and Sarah Richardson Ranson, both of whom were born in England. He followed the occupation of farming in the Lynnville neighborhood, where he was a resident all his life. He was a member of the Lynnville Christian church, and was also active in the A. F. & A. M. and I. O. O. F. He leaves, besides his children, two brothers, James H. Ranson of this city and William H. Ranson of Wichita, Kan. The remains were prepared for burial at the Gilham Funeral Home. Services will be held at 10:30 o'clock Thursday morning from the residence, in charge of L. R. Cronkrite. Burial will be in Diamond Grove cemetery.

MT. EMORY CHURCH CHOIR REORGANIZES

A meeting was held at Mt. Emory church Monday for the purpose of reorganizing the choir. Rev. W. H. Snowden presided. The organization was effected as follows:

President—Mrs. Edward Moore; Vice President—Mrs. W. H. Snowden. Secretary—Miss Susie Lynch. Assistant Secretary—Mrs. Watson. Treasurer—Mr. Scott. The choir will meet the first Monday evening in October at the home of Miss Susie Lynch.

RETURNS FROM LONG JOURNEY

Edward Duncan, son of Dr. and Mrs. W. P. Duncan, has returned to Jacksonville after an extended trip and will enter Illinois college. After making a cruise from San Pedro, Calif., to the Hawaiian Islands and return he made a boat trip from Los Angeles to New York via the Panama Canal. He was fortunate in holding a good position with the transportation company operating the boat on which he traveled.

LITERARY UNION BEGINS FALL PROGRAM

The Literary Union has begun sessions again after a summer vacation. The September meeting was held at the home of Morrison Worthington, when Chester Hemphill introduced discussion of Winston Churchill's book "The World Crisis."

FALL STYLE SHOW IS SUCCESS FIRST NIGHT

Good Audience at Grand Last Evening to See Latest Styles Shown by Good Models—Vaudeville proved Popular—Flowers Distributed by Miss Tull with Appropriate Song

The first evening of the fall style show, being staged here by a number of local merchants, proved entirely successful. The Grand opera house was well filled with interested spectators, to see the latest models in apparel and home furnishings. The Southern quartet and the Metropolitan Entertainers, and the Four Royals proved popular with the audience and received hearty applause.

One of the most attractive features of the evening proved to be Miss Beulah Tull's solo "Say It With Flowers." As she sang the song, Miss Tull threw roses into the audience, and these were caught by the people and passed along from one to another. The roses were donated by the Hoffmann Floral Co.

The firms under whose auspices the style show is given are: H. J. Smith Ready to Wear and Millinery Co., Hopper & Hamm Furniture Co., Hopper & Son Shoe Store, Edwin Smart Shoe Store, Myers Brothers Clothiers.

The program of the show for the first evening was as follows:

Orchestra.
News Weekly.
Ladies' coats.
Men's suits.
Southernland quartet.
Afternoon dresses.
Men's clothing.
Children—All together.
Metropolitan Entertainers.
Evening dresses.
Evening clothes.
Miss Tull.
Four Royals.

It was what the audience termed a real city show and thoroughly pleased the people. A second show will be given tonight and the seat sale indicates another large audience will be present.

STREET CAR HITS HORSE; RIDER HURT

Young Man from Waverly Suffers Fracture of Arm When Local Street Car Knocks Him from Frightened Animal's Back—Horse Not Badly Injured

Russel McDevitt of Waverly was painfully injured about 1:30 o'clock yesterday afternoon when he was knocked from his horse on East State street by a street car. McDevitt's horse became frightened and pranced onto the track in front of the oncoming car, which was moving at a lively rate of speed.

The car struck the horse, knocking the rider to the ground. He sustained a compound fracture of the left arm, and was taken to Our Saviour's hospital. The horse escaped with only slight injuries. The accident occurred in front of the Peterson Bros. Battery Station on East State street.

FARM IN ALEXANDER PRECINCT SOLD

A deed was placed on record yesterday showing that Mrs. Ernest B. Conover has sold to Charles S. Dines of Springfield a tract of 160 acres of land in 2-15-9. This is a part of the Parrell & Crabtree land near Alexander.

The land was sold at \$240 per acre and while the price is not as high as prevailed two years ago it indicates that Morgan county land has a stable value. The contract for the sale of the land was made in June, Mrs. Conover taking the wheat crop, the pasture land and the corn crop going to the purchaser.

MISSIONARY SOCIETY HELD MEETING

The Woman's Missionary society of Westminster church held their regular meeting Tuesday afternoon at the residence of Mrs. O. F. Conklin, 1515 Mound avenue.

Following the regular business session a short program in charge of Mrs. Robert Stevenson was given, at which time Miss Anna McCormick presented a very interesting paper, "School Social hour followed the program at which time the hostess served refreshments.

WILL ATTEND CONFERENCE OF NURSES

Miss Mary H. Groves who has been enjoying a vacation at her home at 1301 Mound avenue has left for Chicago to attend the annual institute of the International and Public Health nurses which is held under the supervision of the National League of Nursing Activities. Miss Groves will go from there to Centralia to resume her work as a community nurse.

DR. SHAW VISITOR HERE

Dr. James B. Shaw will return to Urbana today to resume his work as a member of the faculty of Illinois university, after making a brief visit here with Mrs. Shaw's parents. Mr. and Mrs. R. P. Joy on West State street. Dr. Shaw has spent the summer in Arizona, where he and Mrs. Shaw own a ranch.

S. S. S. DIRECTORS MET TUESDAY NIGHT

Social Service League Directors Hear Reports of Activities of Summer Months—New Superintendent Arrives

The directors of the Social Service league held a well attended meeting in the league rooms Tuesday evening, with the president, Rev. G. E. Stickney, in the chair. Miss Eva E. Veirs, who is to succeed Miss Anne Fowler as superintendent of the local league, was present at last night's meeting. Miss Veirs comes from the Cleveland Associated Charities and prior to her work there took special training in a school for social service work.

A report was made of the girls camp at which 24 girls enjoyed a week of pleasure thru an arrangement made by the league. A similar outing was arranged for boys, 21 of whom spent a week in camp. This movement was sponsored by the Kiwanis club, F. E. Farrell, J. Lloyd Reid and Dr. Garm Norbury being among those active in making the arrangements.

Mrs. Thomas Hopper, who has given most generously of her time in the past in carrying on the league's work, has been engaged for the present as part time assistant to Miss Veirs. Mrs. Hopper will for the present have as one of her duties the school truancy work of the league.

A committee is soon to be appointed to arrange for the annual meeting of the league, which will be held early in October.

The directors of the Social Service league are grateful to the citizens of Jacksonville for the support given in the past and ask the co-operation of all in the work of future days and weeks. The scope of the league's activities is wide and the desired results can not be accomplished without the interest and help of local people.

JAPANESE RELIEF FUND IS GROWING

Total Amount of Voluntary Subscriptions to Date is \$1,212

The fund for Japanese relief now being raised in Morgan county yesterday reached a total of \$1,212, according to statement of H. J. Rodgers, chairman of the county Red Cross chapter.

The people of Morgan county should understand that no canvass for this fund is to be made, the expectation being that the county's quota can be reached thru voluntary subscriptions. The local Red Cross chapter appreciates the way in which people have responded to the appeal and hopes that the response in the next few days will be still more liberal.

Attention is again called to the fact that subscriptions may be left at any Morgan county bank or at the newspaper offices.

Subscriptions reported Tuesday were as follows:
Previously reported \$943.00
A Friend 2.00
F. L. Sharpe 5.00
Typographical Union 5.00
J. P. Shreve 5.00
Mrs. W. H. H. King 3.00

TO IMPROVE LUTHERAN CHURCH LAWN

Work was begun yesterday at the new Lutheran church to improve the yard surrounding the building. A number of the members residing in the country agreed to furnish sod and assist in laying it so that the improvements would be complete by the time of the dedication ceremonies which will be held on September 30th. Quite a crowd assembled for the work and the job will soon be completed.

J. H. SMITH PURCHASES COCHRAN DAIRY FARM

Dr. C. C. Cochran has sold his grain and dairy farm northwest of Manchester to J. H. Smith of Murrayville, Route 3. The farm comprises 300 acres, and Dr. Cochran has taken as part payment Mr. Smith's grain farm of 110 acres near Murrayville. Mr. Smith and his sons will move to their new home March 1, 1923, and will conduct a dairy with sixty cows. The deal was closed thru Story's Exchange.

ATTENTION, G. A. R.

Regular meeting of Matt Starr Post Friday afternoon at 2:00 o'clock. A full attendance is desired as there will probably be a report of the encampment at Milwaukee.

John Minter, Comm.
L. Goheen, Agt.

LEAVES FOR ALABAMA

MERCHANTS TO AID LEGION FESTIVAL

The Commercial Division at a regular meeting yesterday morning voted to co-operate with the American Legion in staging the fall festival. It was decided to ask the merchants to put on special window displays, and if possible to put on the annual fall opening in connection with the event.

Other trade extension problems were discussed, and routine business was transacted. Plans are under way to boost local business with some sort of trade project, and to extend the trade area by some effective method.

E. E. Sidles represented the Chapin neighborhood in the city Tuesday.

Special meeting of Harmony Lodge No. 3, A. F. & A. M. this evening at seven o'clock. WORK, Refreshments. Visiting Brethren welcome.

J. P. Curtis, W. M.
John R. Phillips, Secy.

AT WESTMINSTER TONIGHT

"Lost Upon the Iron Mountain Range," is the theme of the stereopticon lecture to be given at Westminster church tonight. It tells something about home mission work in northern Wisconsin and some very beautiful slides will be presented. The story of the work there is one of absorbing interest.

Mrs. Jay Rodgers of Waverly was a Tuesday shopper in Jacksonville.

THE TEA TRAY RE-OPENS TODAY

John Carl, the Hatter

YOUR DIAMONDS

When did you have them cleaned and inspected?

In Diamond Jewelry the permanence of its lustrous beauty depends much upon the care that it receives.

Neglected pieces lose their charm rapidly, no matter the rarity and brilliance of the gem itself.

Regular, periodical cleaning and inspection by specialists assure permanent beauty and charm, and not infrequently avoids the loss of a valuable jewel.

Back Wash

THE business of refining petroleum has many hazards—not the least of which accrues from the necessity of balancing the supply with the demand.

The Standard Oil Company (Indiana) always has kept itself in a position to supply the demand of its customers for petroleum products, no matter how great or abnormal the demand might be.

During the winter months, the Standard Oil Company (Indiana) refined and stored large quantities of gasoline in anticipation of the busy summer season. Other refiners in the Middle West pursued the same course.

In previous years the midcontinent refiners have found a ready market for their surplus product on the Atlantic seaboard.

This year the heavy, unprecedented and unlooked-for California production upset calculations. Enormous quantities of California crude petroleum and California gasoline were shipped to the Eastern seaboard by boat, flooding the market and cutting off one of the principal outlets of the midcontinent refiners.

The result was a back wash of distress gasoline in the Middle West which had to be sold.

It was this distress gasoline that the Governor of South Dakota was able to purchase at less than the present day cost of manufacture and distribution. By selling it without profit, and without any expense for distribution, he was enabled to announce a drastic, temporary reduction from the then existing selling price.

The Standard Oil Company (Indiana) while protesting that it was below the cost of production, refining and distribution plus a reasonable profit met this price because it is the established principle of the Standard Oil Company (Indiana) that its customers shall be able to buy its products as cheaply as they can buy similar products from any competitors.

The success achieved by the Standard Oil Company (Indiana) is due in larger measure to the fact that at all times it has held paramount the welfare of its customers whose respect and esteem it has won and intends to hold.

the unveiling of the monument to Jonathan Baldwin Turner at Granville, Putnam county, on Monday, September 3. The dedication of this monument was heralded as a history making event and drew together a vast throng from various parts of the country.

The Granville Community association had been active for months making the plans for this celebration and the whole thing was carried out in a way which could scarcely have been improved upon.

The parade which formed at 9 o'clock was made up of a large number of artistically decorated floats. The line of march was to the high school where the monument was unveiled by two great granddaughters and a great grandson of Professor Turner, Mary Louise Roberts and Ruth Carriel Roberts of this city and Jonathan Turner Carriel of Milwaukee.

It was a source of gratification to those who planned the celebration that so many descendants of Professor Turner were able to be present on the important occasion.

Among those present were Mrs. Mary Turner Carriel of this city, a daughter; Mrs. Nettie Turner Douglas, granddaughter, Hillsboro; Rev. Charles Arthur Carriel and wife, grandson and Jonathan Turner Carriel and Perry Paul Carriel, great grandsons, of Milwaukee; William Henry Roberts, Howard Turner Roberts, Mary Louise Roberts and Ruth Carriel Roberts, great grandchildren, of Jacksonville.

In referring to the dedication of the marker the Granville Echo said:

"September 3, 1923, becomes a red figure on Putnam county's calendar from now on—the date on which was recognized the great idea of industrial education as promulgated away back in 1851 by Jonathan Baldwin Turner and his contemporary collaborators, and first presented in the Buel Institute at Granville Nov. 18-19 of that year.

Mrs. Mary Turner Carriel of this city was one of the speakers of the day. Referring to her the Granville paper said:

"Mrs. Carriel who is now 81 years of age, is a wonderfully well preserved lady and bears the imprint of unusual culture in every way. Mrs. Carriel is a very exceptional daughter of a very exceptional man and well does she support her sire's cause. The coming of this lady marks the day as doubly great for this community. She spoke from a heart overflowing with emotion and deep filial regard."

EXAMINATION MADE OF SCHOOL CHILDREN

Public Health and School Nurses Begin Superficial Examination of School Children for Communicable Diseases.

Miss Lucille Stevens, public health nurse, assisted Miss Maude Ryman and Miss Lucretia Hutchinson, school nurses, in making a superficial examination of children in the ward schools Tuesday for the purpose of discovering contagious skin conditions or other communicable diseases which might be presented by any of the pupils.

During the morning the children at the Morton, Franklin and Washington schools were examined, and in the afternoon the examination was carried on at the Independence, Jefferson and Lafayette schools.

Children presenting questionable symptoms were excluded from the schools in order to protect the other pupils against communicable disease. This examination simply takes in the hands and face and in some instances the throat of the child.

This early inspection is very valuable and a necessary part of communicable disease control in the public school system. It is planned to visit the David Prince and possibly the high school today.

Miss Stevens has recently visited the Yatesville school for the purpose of investigating several cases of whooping cough among the children. Several homes were placarded and some of the children instructed to remain at home until danger of infection is past. The public health nurse has also visited Litchberry school in recent days, where several cases of mumps had occurred. The necessary precautions were taken in each case.

Fall Style Show, Grand Opera House, last time to night—the season's society event. See ad on page 7.

NOTICE OF AWARD

Notice is hereby given that the Board of Local Improvement of the city of Jacksonville, Illinois, at a meeting held on the 11th day of September, 1923, did award the contract for the construction of the improvement of East State street improvement No. 4 as contemplated by ordinance to the Standard Paving company on its proposal of \$12,997.88.

Dated Jacksonville, Illinois, Sept. 11, 1923.

PHONE ASSOCIATION TO MEET IN PEORIA

Annual Convention of Illinois Company Will Be Held Nov. 13, 14, and 15—Many Social Features Are Planned

PEORIA, Ill. (By the A. P.)—The annual convention of the Illinois Telephone association will be held in Peoria November 13, 14, and 15, according to announcement by the executive committee of the association. Plans of the committee were

approved by manufacturers, jobbers, and supply dealers, all represented in the personnel of the committee.

Numerous social entertainments have been planned, besides the business sessions of the convention. Each delegate will receive credentials entitling him to all of the social features without additional expense. Plans are being made for the largest attendance yet recorded at any of the conventions of the association.

The newly revised Illinois telephone handbook will be a feature of the convention. The book has been brought up to date

and additional features are contained in it, said the committee.

In addition to the entertainment and business sessions, a number of nationally prominent speakers have been asked to address the delegates on subjects of interest to those engaged in the telephone industry.

WILL TAKE CHARGE OF WINCHESTER CHURCH

Rev. O. W. Lough of Chapin Accepts Call to Winchester Presbyterian Church—Other Chapin News of Interest.

Chapin, Sept. 11.—Rev. O. W. Lough, who was recently transferred from the Methodist Protestant conference to the Presbyterian, has accepted a call to the church at Winchester. The friends of the minister and his family regret to have them leave the community but unite in wishing them happiness in their new home.

Mrs. F. P. McKinney received a letter of recent date from her niece Miss Ella Jane Hardcastle who has been in the Near East Relief work for the past eighteen months. She is now located in Beirut, Syria, and has recently been appointed as Orphanage Director for a school of five hundred girls.

Rev. O. W. Lough and family had a narrow escape from what might have been a serious accident on Monday evening, while enroute to Winchester. Their car refused to pull up the hill near Merritt and the brake failed to hold and the car backed down the hill into a bank breaking a wheel.

Werner Onken came up from St. Louis Saturday night in his car and spent Sunday with his parents Mr. and Mrs. Gustav Onken.

Mr. and Mrs. Andrew Allen spent Sunday in Winchester, the guests of Mr. and Mrs. Robert Mason.

Miss Geneva Bridgman, R. N., superintendent of the Macon County Hospital and Mrs. Walter Eckman, R. N., of Decatur were week end guests of Miss Nellie Calloway at the home of her parents, Mr. and Mrs. L. H. Calloway.

Henry Pool of Chambersburg was a week end guest of Mr. and Mrs. Ben Robins.

Mr. and Mrs. Addis Fuson, Miss Ruth Kilpatrick and J. E. Wolford of Bluffs were Sunday visitors in Chapin.

Mr. and Mrs. F. P. McKinney entertained the following guests at Sunday dinner: Mr. and Mrs. W. F. Willard of near Markham, Mr. and Mrs. John R. Hardcastle and daughter Margaret of Carrollton, Ill., Mrs. Oscar Sterl of Abilene, Kansas, and Fred M. Masters of Kansas City.

Mr. and Mrs. Henry Vortman were guests Sunday of Mr. and Mrs. Harold Jewsbury of the Lynville neighborhood.

Mr. and Mrs. Harry Onken and daughter Mary motored to Roodhouse Sunday afternoon to visit friends until Monday when they will go to St. Louis for a several days shopping trip.

Mr. and Mrs. Forest Clark and daughter Virginia of Mt. Sterling and Miss Eula Harshaw of Jacksonville, spent Saturday night and Sunday with Mrs. Adelle White and daughter Miss Maid White.

H. P. Joy and sons Warren and Robert and Mr. Joy's mother Mrs. Alice Joy motored to Springfield Sunday to meet Betty Joy who been visiting several weeks in Decatur with her grandfather and grandmother Drake.

B. A. Cratz of Concord was a visitor here Monday afternoon.

John Gibbs of Jacksonville was a Chapin caller Monday.

J. H. Diddle who was principal of the grade school here last year has been a teacher for 25 years and is entitled to the teachers' pension. Professor Diddle is taking a well deserved rest while his two sons take advantage of the community high school to finish their high school work.

ANNUAL CHICKEN DINNER
Lynnville Christian church today, outdoor cafeteria service beginning at 4:30 p. m. Music Merritt Band.

DUNDEE-LEONARD WILL MEET AGAIN

NEW YORK, Sept. 11.—The battle of the two champions is on again. Benny Leonard, lightweight king of the world and Johnny Dundee, wearer of the feather weight crown will meet in the Yankee Stadium, September 28.

Dundee appeared before the New York State Athletic commission today and reversed his stand of a week ago when the bout was ordered postponed.

The fight was to have taken place last Wednesday.

The postponement took place when matchmaker Jimmy Johnston stated that Dundee was out of condition, and that in justice to the public he should be given time to get in shape.

Dundee bitterly resented the statement that he was not in condition and stated he was ready to fight Leonard then and would not meet him on any future date.

IT'S HERE TODAY

DANIEL SWICK DIES ON WABASH TRACKS

Brakeman Met Instant Death Tuesday Morning at Valley City—Remains Sent to Springfield.

Valley City, Sept. 11.—Daniel Swick, brakeman on Wabash westbound local freight No. 71, was instantly killed this morning about 8:15 o'clock when a car loaded with cement was backed over him entirely severing his body.

Mr. Swick was running ahead of a cut which was being backed

in on the side track when he stumbled and tried to save himself by grabbing the side rods, but was swung directly under the wheels. He had been in the employ of the Wabash for several years and for a time was a deputy sheriff under Sheriff Wheeler of Sangamon county. Recently he returned to service with the Wabash.

The remains were sent to his residence in Springfield on No. 12, passing Jacksonville at 9:06 Tuesday night. An inquest was held by Coroner Calloway of Pike county, at Griggsville.

Thomas Scully of Virginia was in the city Tuesday on business.

STETSON'S "UNCLE TOM'S CABIN" COMPANY
Leon W. Washburn's elaborate revival of the production of the original Stetson "Uncle Tom's Cabin," the company that never disappoints, the one that sends you home feeling satisfied you have received full value for your money when they say "Good Night," is announced as the attraction at the Grand theater, for matinee and evening performances, on Saturday, September 15th.

This production has been acknowledged to be the most satisfactory and elaborately staged representation of the late Harriet

Beecher Stowe's immortal masterpiece ever presented for public approval. It is the only attraction of its kind ever taken, in its entirety, to Europe and Australia, where for several seasons its success was one of the wonders of those countries.

"Uncle Tom's Cabin," appeals to the hearts of every true American and the name Stetson in connection with it is a sufficient guarantee that you will see only the best. It was first presented at the old Troy Museum, Troy, N. Y., in 1852, and it was produced in England, at the Manchester theater, Manchester, for the first time, in 1853, and in Paris, at the Theater Comique on

January 18th, 1854. Translations into Italian, Portuguese and German quickly followed and it was presented in those countries during the year 1855.

Fall Style Show, Grand Opera House, last time tonight—the season's society event. See ad on page 7.

EXPECT GREAT THINGS in the NEW CADILLAC

Even the superb quality which you have long associated with the name Cadillac is no adequate measure of the merits of the New V-63.

The simple truth is that Cadillac has advanced its own standards and achieved, in this car, heights of quality which are strictly new.

Your attention is directed, particularly, to these three elements:—

The New Cadillac V-Type 90°, 8-cylinder engine—harmonized and balanced by entirely new principles of design to a degree of smoothness unapproached in automotive manufacture.

New Body Styles—destined by their graceful, symmetrical design, distinctive

finish and exquisite appointments, to be the center of admiration in any company.

Cadillac 4 Wheel Brakes—a safety factor developed with the care and thoroughness characteristic of Cadillac engineering.

New delights await you also in enhanced dependability, ease of control, riding restfulness and, indeed, in every phase of car performance.

It is entirely logical that Cadillac, pioneer leader of eight-cylinder manufacture in America, should now raise multi-cylinder practice to an even higher pitch of excellence.

This is exactly what has happened in the New V-63, and Cadillac urges you to approach this fine car with great expectations.

LATEST NEWS OF THE SPORTING WORLD

ST. LOUIS CARDINALS DEFEAT INDEES

Big Boy Fryman Pitched a Good Game but His Team-mates Blew Up in the Pinches—Several of the Cards' Star Players Were Missing

Although the St. Louis Cardinals garnered 15 runs against the Indians in yesterday's game at South Side park while the locals were getting across the pan with three tallies, Smith's Indians were able to connect with Clough's benders for a total of eight bingles. The locals had six errors chalked up against them, seemingly on account of stage-fright, Christopher on first base being the worst offender with three. The Cardinals surely wore their swatting clothes but in the early part of the game the Indians assisted them all possible by their failure to field the ball even as well as they usually do. While on the other hand the vis-

itors were letter perfect in fielding, not an error being charged to the team.

In the pitching department Fryman has nothing to be ashamed of for although the visitors landed for 17 blows Fryman struck out nine of the big guns. He was however liberal with free tickets, allowing five Cards to reach first station on passes. Clough also had excellent infield support, the Cards pulling three of the fastest double-plays ever witnessed here.

Jacksonville clearly lost one more run on account of the enforcement of ground rules in the latter part of the game. In the early sessions Walker hit a heavy one into the autos parked to the left of the score board and came home while the fielders were locating the ball. Then Captain Christopher and the captain of the Cards made an agreement that a hit into the autos would only go for two bags. Later "Hap" DeFrates duplicated Walker's stunt but as the ruling had been made Walker scored a

home and DeFrates was sent back to second.

Manager Smith announced last night that there were between 1,000 and 1,100 spectators at the game but is unable to determine yet as to the financial status as there are several ticket sellers who have not yet turned in their reports.

The score: Cardinals, AB R H PO A E; Smith, rf, 4 0 2 0 0 0; Blalock, lf, 5 2 1 1 0 0; Walker, 1b, 5 4 3 8 0 0; Littlejohn, cf, 1 0 0 0 0 0; Mueller, cf, 3 3 2 0 0 0; Flowers, 3b, 2 1 1 0 0 0; Stock, 2b-ss, 5 1 2 2 4 0; Toporcer, 2b, 4 2 2 4 4 0; Freigau, ss, 3 0 1 3 6 0; McCurdy, c, 5 1 3 8 0 0; Clough, p, 4 0 0 0 0 0; Stone, p, 0 0 0 0 0 0.

Totals, 41 15 17 27 15 0; Indians, AB R H PO A E; Maestrioff, cf, 3 1 2 1 0 0; Rubie, rf, 3 1 1 0 0 0; Clark, c, 4 0 1 12 1 1; Boyd, ss, 4 0 0 2 0 1; Christ'er, 1b-lf, 4 0 2 5 1 3; Kolhoff, 2b, 3 1 0 2 0 0; DeFrates, 3b, 4 0 1 1 1 1; Wheeler, 1b, 2 0 1 2 0 0; French, lf, 1 0 0 1 0 0; Fryman, p, 3 0 0 0 0 4.

Totals, 31 3 8 27 7 6; Cardinals, 21 10 44 309-15; Indians, 000 000 120-3.

Two base hits, Walker, McCurdy (2), Clark, DeFrates. Three base hits, Doughitt (2), Walker, Flowers. Home run, Walker. Bases on balls, off Fryman 5; off Clough 2. Struckout by Clough 5; by Stone 2; Fryman 9. Left on bases Cards 7; Indians 5. Double plays, Toporcer to Freigau to Walker; Stock to Freigau to Walker; Toporcer to Stock to Walker. Wild pitch, Fryman. Hit by pitcher, by Fryman (Smith, Blalock); by Clough (French). Umpires, Doyle and Kent. Time 2:00.

WILLIAMS HITS TWO FOR NICE HOME RUNS

PHILADELPHIA, Sept. 11.—"Cy" Williams of the Phillies hit two balls over the right field wall today for his thirty-sixth and thirty-seventh home runs of the season, adding his team-mates to an 11 to 3 victory over Brooklyn. He now leads Babe Ruth by two home runs.

Mitchell held the visitors safe until the ninth when, with two on base, Nels hit a home run saving his team from a shutout. Metz made his big league debut at short for the Phillies and played a good game.

Score: Brooklyn, 000 000 003-3 6 1; Philadelphia, 022 001 15x-11 13 1. Ruether, Smith and Taylor; Mitchell and Wilson.

EHMKE HOLDS YANKS TO ONE SCRATCH HIT

NEW YORK, Sept. 11.—Howard Ehmke, who pitched a no-hit game against Philadelphia on September 7, held the American League champions to one scratch hit here today, Boston defeating the Yankees in the last game of the series 3 to 0. Witt, the first player to face Ehmke hit a sizzling grounder toward Shanks, which he cuffed with his glove and recovered it too late to retire the fast Witt. George Pipgrass, a young pitcher from the South Atlantic association started his first game of the season for New York and made a good showing. Boston scored on him in only the seventh inning bunting two singles with Pieinich's homer for three runs. Three of the six hits off Pipgrass were made by Pitcher Ehmke.

Score: Boston, 000 000 300-3 6 1; New York, 000 000 000-0 1 1. Ehmke and Pieinich; Pipgrass and Schang.

HEAVY HITTING BY GIANTS WINS AGAIN

BOSTON, Mass., Sept. 11.—The world's champion continued their heavy hitting against Boston today winning 10 to 0. Kelly with a home run, double and two singles out of four times at bat was the feature hitter. John Watson, New York pitcher who was suspended yesterday for breaking training rules, rejoined the team today and practiced with his mates who have guaranteed to Manager McGraw his good behavior for the rest of the season.

Score: New York, 020 430 100-10 17 0; Boston, 000 000 000-0 6 0. Scott and Snyder; Gaston, J. Barnes, Gieschger, Cooney and E. Smith.

CY WILLIAMS GETS TWO HOME RUNS

PHILADELPHIA, Sept. 11.—Cy Williams, the Philadelphia National's battering centerfielder turned in two home runs in today's game with Brooklyn and advanced his season's total to 37, two notches ahead of Babe Ruth whose number is 35. The first circuit smash was made off Ruether in the seventh and there was none on base. The second was at the expense of Smith in the eighth and there was one on base.

TODAY'S STANDINGS

National League			
	Won	Lost	Pct.
New York	86	52	.623
Pittsburgh	79	55	.590

Brooklyn at Philadelphia.
Cincinnati at Chicago.

American League
No games scheduled.

DEMPSEY REACHES END OF TRAINING PERIOD

Only Work Now Prior to Fight Will be to Keep Muscles in Good Condition.

SARATOGA SPRINGS, N. Y., Sept. 11 (By the A. P.)—Training to a state of physical perfection, Jack Dempsey today virtually reached the end of his first week's training grind for the defense of his title against Luis Angel Firpo at the Polo grounds Friday night. The champion will wind up his conditioning tomorrow exercising just enough to loosen up his muscles but will not do any boxing.

Dempsey finishing his boxing program this afternoon with a four round workout against a trio of sparring partners. Experts said at no stage of his training had he worked so impressively. He was lightning fast on his feet, tireless in his savage attack and his punches were timed perfectly. He cast aside all restraint while boxing two rounds with Jack Burke, the Pittsburgh light-heavy weight, unleashing his punches with such fury that Burke, bleeding and groggy, was on the verge of collapse.

George West, British middle-weight and Alex Trambitch, middle weight of Portland, Ore., were the champions' other sparring partners for a round a piece. They too left the ring leg weary and with bleeding mouths. The champion in his boxing appeared to be the tigerish Dempsey of old.

Crowds His Partners
His teeth gleamed thru a snarling scowl, his eyes flashed savagely and he crowded into his sparring partners without regard for their ability to stand up under his terrific drives.

Thruout the workout, Dempsey breathed normally and perspired freely, indicating to his handlers that he is as "right" as skilled training can make him. His legs are lean and thin, his broad shoulders and trim upper body do not carry an ounce of superfluous flesh and his muscles are smooth and pliable.

The champion started out easily against Burke but after taking a few blows on the shoulders and arms, cut loose with a fury of rights and lefts that sent the Pittsburgher reeling.

Dempsey apparently realized he had injured Burke for when the setto ended he grasped his partner's hand and expressed regret for his assault.

The champion's sparring partners and other camp attendants packed their bags and departed immediately after today's workout. All of them were presented with ringside tickets by the champion.

NAMES OF RECRUITS ORDERED FOR TRYOUTS

St. Louis, Mo., Sept. 11.—Recruits ordered to report to the St. Louis Nationals and Americans respectively for tryouts for next season today were announced to include:

Cardinals:—Joe Walker, first baseman, Danville.
Browns:—Perry Payne, pitcher, Danville; George Blaeholder, pitcher, Bloomington; Grant, pitcher, Terre Haute.

FIRPO LAID AWAY 'TILL BELL SOUNDS

Shows in Pink of Condition and Followers Grow More and Confident as Battle nears.

ATLANTIC CITY, N. J., Sept. 11. (By the A. P.)—His mental and physical condition mirrored in his fire-sparkling eyes, Luis Angel Firpo tonight was declared ready for the world's title match with Jack Dempsey in New York Friday and was placed under "wraps" until the sound of the battle bell.

As the day of the fight draws near Firpo's little band of faithful followers are growing more confident of victory. Already they have planned a banquet of celebration, employed an orchestra whose instruments are attuned to the "get in your bones" music of the Argentine and issued invitations. Already they have planned to take Firpo, the champion, away from the curious crowds and a trip to Canada is contemplated.

Claims Will Win

"Luis," they say, "will win inside of six rounds." The Latin gladiator upon whom their hopes are pinned remains the great puzzle. He sits in an easy chair in the parlor of his cottage home taking keen interest in everything that is said about everything but fight. He seems to take the attitude that the engagement with Dempsey will be like going to the landlord and trying to get rent reduced; a tough job, but not impossible with the proper sort of argument.

Dan Washington, the trainer, pronounces Firpo in perfect condition. There were some knots in his muscles a week ago especially in the left arm but these have whisked away under Dan's kneading fingers. Firpo's stomach seems like a piece of boiler plate and his legs are compared to those of "scissors" fame.

Firpo took all of his sparring

mates on for one round a piece this afternoon. Frank Kobel, speeded thru the first round with the Argentine always on top of him; John Lester Johnson tried to hit Firpo in the second round; Young Bob Fitzsimmons went a round mostly at close quarters and Joe McCann swamped punches with the challenger in the final round.

PIRATES STRENGTHEN HOLD FOR 2ND PLACE

CINCINNATI, O., Sept. 11.—Pittsburgh strengthened its hold on second place by winning the final game of the series from Cincinnati today 4 to 3. Benton pitched well but his support in the early innings was ragged, errors accounting for three of the Pirate runs. Morrison held the local team to five hits, two of which were triples by Duncan and Burns, which accounted for the three runs made off him. It was Morrison's twenty-second victory of the season.

Score: Pittsburgh, 121 000 000-4 8 0; Cincinnati, 010 000 020-3 5 2. Morrison and Schmidt; Benton, McQuaid and Hargrave.

FAMOUS HORSE IS NOT BADLY HURT

NEW YORK, Sept. 11.—Zev, three year old champion regarded as America's likely choice in the International race October 20 with the English Derby winner, Papyrus, will suffer no serious ill effects from the injury to a foot in the Lawrence Realization last Saturday, according to reliable reports today. The Rancocas stable's star, it was said has shown no trace of lameness since casting a "frog" near the finish of that race.

Zev's next important stake engagement is in the Kentucky Special at Latonia, October 6 and it was said Trainer Sam Hildreth expects to have the horse in form for that event.

FIGHT FANS ARRIVING IN NEW YORK RAPIDLY

Estimated Upwards of 30,000 Visitors from a Distance Will Attend Dempsey-Firpo Go.

NEW YORK, Sept. 11.—New York has become the fight fan's mecca. The advance arrival today of the boxing followers from various parts of the country, as well as from overseas pointed to the gathering of one of the most cosmopolitan fight crowds in the history when Jack Dempsey enters the ring at the Polo Grounds Friday night to defend his heavy weight crown against the assault of Luis Angel Firpo.

It was indicated that from 20,000 to 30,000 spectators from beyond the limits of the Metropolitan would view the title struggle. Preparations for handling the throng and arrangement of other details went forward rapidly today. More than 500 uniformed police, besides hundreds of plain clothesmen will handle the crowd.

Site Inspected

Promoter Tex Rickard inspected work on the erection of the ringside and temporary bleachers on the baseball playing field and expressed satisfaction with the progress made. The work will be completed on Thursday afternoon. Weather predictions for the night of the fight were favorable but Rickard said that in event of postponement because of rain the battle would be staged Saturday night.

Increased wagering on the outcome of the fight today was reported in sporting circles. One of the largest single bets reported was one of \$2,800 to \$2,000 that Dempsey would win by a knockout, the odds being at 7 to 5. Several wagers that Dempsey would win were made at odds of 2 1/2 to 1 a basis that has prevailed for several days. In addition few were reported at odds of 1 to 8 that Dempsey would win by a knockout in the first round.

Mr. and Mrs. Earl Abernathy were Concord shoppers in the city Tuesday.

ANNUAL BURGEO
Given by Woodson Band and American Legion, Post 249 at Woodson, Thursday, Sept. 13, all day and evening. Music by Woodson Band. Athletic contests.

Where Quality Counts

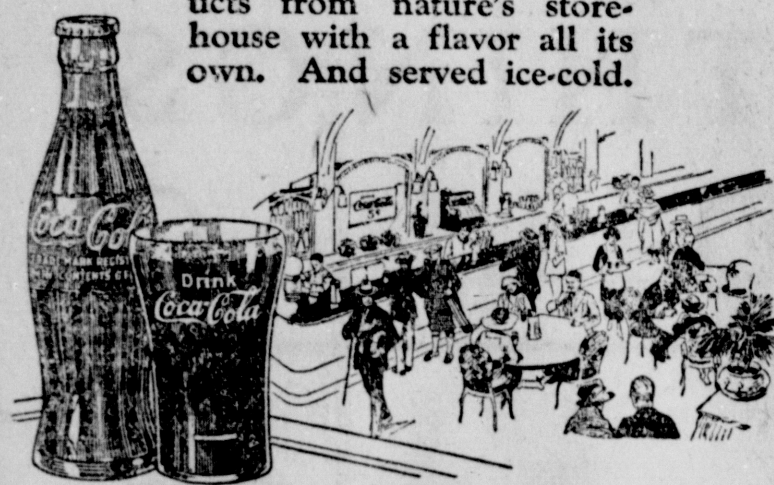

One third of the cost of a good plumbing, heating or electric job is for work hidden from sight beneath walls and floors, and underground. Costly trouble is sure to develop unless this "unseen" work is properly done. Reliable materials and skillful workmanship cost less in the end—and we supply 'em.

Market Report

By The
Associated
Press

MARKET INFLUENCED
BY FOREIGN REPORT

FINANCIAL.
Total stock sales 605,200
shares.
Twenty industrials averaged
93.60; net gain .29.
High, 1923; 105.38; low
86.92.
Twenty railroads averaged
83.25; net gain .53.
High 1923; 90.51; low 70.53

NEW YORK, Sept. 11.—Stock
prices displayed a firm tone in
today's market but principal ac-
tivity centered in a few shares
subject to special influence.
Speculators for the advance
continued to use the favorable
foreign news as an excuse for
bidding up their favorites, but
there seemed to be a disposi-
tion on the part of many trad-
ers to wait until the outside public
to await more definite develop-
ments. Foreign exchanges made
the best response to cable de-
spatches that conversations look-
ing to settlement of the repa-
rations question were in progress
between Germany and French of-
ficials.

Demand sterling which was
heavy last week in the expecta-
tion that the Japanese disaster
would result in heavy British in-
surance company losses and un-
usually large drafts on London ad-
vanced one cent to \$4.54.
French francs jumped 12 points
to 5.75 cents and Belgium francs
moved up 13½ points.

Transactions in Cosden oil
company comprised nearly one-
tenth of the day's business, the
stock closing 3½ points here at 33½.

CHICAGO LIVESTOCK

CHICAGO, Sept. 11.—Cattle
receipts 6,000. Unweaned; most
killing classes strong to advance
higher grades show advance-
ment; matured steers 12.75; fifty
head strictly choice Illinois fed

THE OLD ADAGE

"A Stitch in Time Saves Nine"

is true; and so, too, a peg in time may save a shoe. Bring the shoes to us for repairs that wear and look well.

L. L. BURTON
West Morgan Street

If You Were SENTENCED TO DEATH

If some unsuspected ailment strikes you down and your physician breaks the news that is virtually a death sentence, you would then realize that you had neglected some of nature's danger signals. The danger signals for many internal ailments are not visible to the naked eye.

But fortunately they are revealed at once to the well trained fingers of the competent CHIROPRACTOR in his analysis of the human spine. But be sure THEY are competent. See how many years they were in school. Their diploma tells the tale.

New Home Sanitarium

Incorporated—67 Rooms
Now Medical and Surgical Hospital
Jacksonville Illinois

A Serious Time Indeed

is that time when a Surgical Operation is to be considered.

During that act your life is in the hands of others and it may never be yours again. That depends only upon the SKILL and ABILITY of those directing the KNIFE and the after care.

The only sensible way to make sure in your decision is to compare "RESULTS."

Where work is abundant and deaths are few Tell it to me and I'll know what to do.

There can be no other argument. The records of The New Home Sanitarium are always open to inspection.
